Mahuva, Gujarat, India

## PROFESSIONAL SUMMARY

Motivated Master's student in Information Technology with hands-on experience in academic web development projects and a Python-focused internship. Skilled in building responsive web applications using HTML, CSS, PHP, and MySQL, with foundational knowledge of Python and Git. Seeking entry-level software development or internship opportunities to apply and grow technical skills.

## EDUCATION

**Gyanmanjari Innovative University** July 2023 – June 2026  
*Master of Information Technology* Mahuva, Gujarat, India

- Relevant Coursework: Data Structures & Algorithms, Web Technologies, Database Management, Software Engineering, Object-Oriented Programming
- Academic Focus: Full-Stack Web Development and Cloud Computing

## TECHNICAL SKILLS

**Languages:** Python (Foundational), PHP, HTML5, CSS3, JavaScript, SQL

**Developer Tools:** Git, GitHub, VS Code, MySQL, XAMPP

**Core Skills:** Responsive Web Design, Database Design, Problem Solving, UI/UX Principles

**Soft Skills:** Team Collaboration, Communication, Adaptability, Continuous Learning, Time Management

## PROFESSIONAL EXPERIENCE

**Web Developer (Academic Project)** April 2025 – July 2025  
*Gyanmanjari University* Mahuva, Gujarat, India

- Developed a car selling web application using HTML, CSS, PHP, and MySQL
- Implemented responsive user interface for desktop and mobile devices
- Built basic backend features including user authentication and inventory handling
- Collaborated in a small team using Git for version control

**IT Intern** June 2025 – June 2025  
*Alpha Tech Automation* Ahmedabad, Gujarat, India

- Learned Python programming fundamentals including data structures and functions
- Assisted in writing simple Python scripts for automation under mentor guidance
- Used Git for basic version control and collaboration

## PORTFOLIO PROJECTS

**Personal Portfolio Website** | *HTML, CSS, JavaScript* 2025

- Designed and developed a personal portfolio website to showcase projects and skills
- Implemented responsive layout and clean user interface
- Hosted using Vercel

## KEY PROJECTS

**Car Selling E-Commerce Platform (College Project)** | *HTML, CSS, PHP, MySQL* April 2025 – July 2025

- Built a web-based platform featuring car listings, search functionality, and inventory tracking
- Implemented user authentication using PHP sessions and MySQL
- Designed relational database schema for users and vehicles

## **INTERESTS & HOBBIES**

---

- Bike riding and meeting new peoples
- Exploring new web technologies and programming tools
- Practicing coding and problem-solving
